WSHS International Baccalaureate World School

Policies Agreement

Updated 9/22/2022

In an effort to provide as much transparency as possible, the Winter Springs High School International Baccalaureate Program wishes to provide to students and parents information about our mission statement, policies, and contact information. Our goal is to clearly communicate the expectations for IB students as well as to inform parents and students how the program operates.

Our Program is guided by the central mission statements below.

Winter Springs High School (WSHS) Mission Statement:

“Our school communities’ mission is to create productive global citizens who cultivate intercultural understanding, respect for humankind, and a commitment to lifelong learning.”

The IB Mission Statement:

“The International Baccalaureate® aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect.

To this end the organization works with schools, governments and international organizations to develop challenging programmes of international education and rigorous assessment.

These programmes encourage students across the world to become active, compassionate and lifelong learners who understand that other people, with their differences, can also be right.”

In order to accomplish the goals of these mission statements, the WSHS IB Program has policies that guide our decision making and operation of the program. These include:

- The WSHS IB Academic Honor Code and Policy
