

TO: Parents / Guardians of Winter Springs High School Football Players
FROM: Winter Springs High School Athletics (Football)
DATE: August 28, 2003
SUBJECT: Internet Release Consent

Parents / Guardians let us take a moment and explain what we are trying to do. This year we are going to use our school web page / football link to keep people informed of our program's success. There will be links that will be updated weekly, such as: personal and team stats, Senior Bio's, Players of the Game, etc. We feel this exposure will benefit our program and more importantly our student athletes.

This memo is to ask for your consent to place information, and or photos of your child on our schools web page, www.winterspringshs.scps.k12.fl.us . Seminole County has changed its policy to allow the releasing of names and pictures for the purposes of recognizing student achievement. Out of concern for all of us we offer this release form for you to read, sign and return indicating which option you and your student have chosen. Please read the options below carefully, check one of the boxes and remember to sign the proper space below. Thank you for your cooperation in this matter.

Winter Springs Athletics (Football)

Please check the appropriate box

- I do give my consent to the school to release information and or photo of my son or daughter
- I do not give my consent to the school to release information and or photo of my son or daughter
